Hi Thu,

Omer and I took a quick look, I've attached the only document we had some suggestions on, they're relatively minor. I think overall this is good material for the Public Meeting.

Give me a call if you would like to discuss.

Hey Lyndsey,
Can you take a look at this? We are considering presenting this material and some key messaging points. We don't mind tying in EPA into this but with much emphasis on our rules, I'm not sure how to do that.

The drinking water poster will be updated with new sampling dates.

Let me know what you think.

Thanks,

Thu Perry
